

Braintree Global

A Publishing Division of Great Minds Competency Council
Beyond Academics...Learning Made Easy...

Braintree Global - Introduction

We, **Great Minds Competency Council**, situated in Chennai, Tamilnadu, India, a leading organization, organizing various “**International Level Competency Programs**” for the students from class LKG to IX which includes GMSAT, SCIMATS, GMGKO, GMCREyA, GMHOTS, GMHCT, GMTSE, etc.,

In keeping with our commitment and our mission to develop competency skills and delight every child, now we are in the arena of “**Publishing World**” in the brand name “**Braintree Global**”

We hereby introducing a series of books for the students to enrich their creativity and an easy way to learn things.

Coloring & Drawing books

According to researchers, picking up a coloring pencil and book could be beneficial for mental health. A new study reveals coloring can help to improve mood, reduce stress and boost creativity. Source: University of the West of England.

There's a myth out there that artists are born, not made. We don't believe this statement and that nearly anyone can learn a skill if they know what resources to use to help them learn.

Children are often more interested in Drawing and coloring the pictures rather than using other learning methods; pictures may also be more memorable than simply words. Coloring & Drawing books are used as teaching aids for developing creativity and knowledge.

The kids cannot understand the primary language of instruction or communication, our Drawing & Coloring books will support them to learn the language and the words easily.

And that's where we come in. this list of the best drawing books will help you improve your knowledge, and provide you with some great reference material, too.

Coloring Books Series

- ▶ Alphabets - English
- ▶ Numbers - 1 to 20
- ▶ Numbers - 10's & Roman Letters
- ▶ Fruits & Vegetables
- ▶ Animals & Birds
- ▶ Vehicles
- ▶ Drawing Book (Plain)
- ▶ Scrap Book

Practice Books - Practice Makes Student Perfect

Kids will have fun while learning and practicing their letters in a natural and easy ways.

At the earliest stages of learning, the most important concept to master is alphabets and numbers recognition and recall. Children who can quickly recognize and recall the letters of the alphabet and the numbers have an easier time learning their letter sounds.

Young children can sometimes recognize and read letters but still find it difficult to write them. Our book will help them to develop the skills needed for writing.

A child needs practice in writing the letters at a smaller size. Our books provide the child to trace and write the alphabets and numbers easily and remember them quickly.

We provide each page with one alphabet or number to practice. It gives more practicing time for the kids to learn.
