

Dear Parents,

Warm Greetings

Thanks for registering your ward in the GMHOTS program.

GMHOTS is the key to preparing the children for the World outside of the school.

GMHOTS, provides an opportunity to the children to learn new things and infer, connect, categorize, synthesize and apply their knowledge they have learnt from the subjects.

Surely, the children who have developed these thinking skills will be able to process information, articulate it to others and synthesize it, with all their activities.

GMHOTS questions are set in line with this context and your child needs your support and guidance in answering the questions.

Please don't interfere in their creativity and let them write on their own.

Always Creativity and Originality WINS the World.
