

Dear Parents,

Warm Greetings

Thanks for registering your ward in the GMHOTS program.

GMHOTS, is the key to preparing the children for the World outside of the school.

GMHOTS, provides an opportunity to the children to learn new things and infer, connect, categorize, synthesize and apply their knowledge they have learnt from the subjects.

Surely, the children who have developed these thinking skills will be able to process information, articulate it to others and synthesize it, with all their activities.

GMHOTS questions are set in line with this context and your child needs your support and guidance in answering the questions.

Please don't interfere in their creativity and let them write on their own.

Always Creativity and Originality WINS the World.

Guideline:

- ▶ Answers should be handwritten in A4 sheets & presentable with page numbers.
- ▶ The answer booklet should be of max 10 to 15 pages.
- ▶ GMHOTS is an "Open Source Module", you can use and utilize any resources to answer the questions.
- ▶ You can use newspaper clippings, maps, diagrams and the materials to substantiate your answer.
- ▶ Each illustration should be supported with write-up relevance to the question.
- ▶ Your cover page should have your (in Capital letters) name, class, sec, school, stream of study(XI & XII), contact details.
- ▶ Please provide your feedback about the program.
- ▶ Any queries / clarifications, please feel free to contact by email: info@gmccouncil.org or Whatsapp/ call to 97906 56330

GMHOTS Questions

1. List down 10 herbal plants used as natural medicine. Write details about anyone of them including its origin, scientific name, its use, side effects, benefits and any interesting fact.
2. Prepare a report about one famous mathematician. How is his/her formula useful to us?
3. Find out different types of tribes in different continents. List down 10 such tribes and give brief details about one tribe.
4. Make a survey in your family or in your neighborhood and find how many are using spectacles. Make a report about their age group, brand, power, usage, type of lens, etc. Make your observation and provide tips to take care of eyes.
5. Write briefly about the biography of any one famous personality with some pictures. Give your reasons for choosing him/her.
6. Prepare your own crossword puzzle (max 20) by using mathematical terms.
7. Find and write about ten Nobel prize winners (one each in different categories). Give reasons for each person why you have chosen and included in your list?
8. Write about Covid19 and its effects. What measures did you and your family adopt to overcome the crisis?
9. Find and list out the grocery items purchased in a month for your family. Prepare a chart with rates, brand, weight, price, etc.
10. Find out 20 abbreviations from the daily newspaper. Write down the expansion for all and choose two and give brief details. Your information should include newspaper name, date, etc. Give reasons why you have chosen the two from the list.
